RE: Generator for Interstate Facilities

Dear Mr. Kinzie,

Just a quick note to say thank you for how you took the time to tour our facilities, find and define our needs and design a generator system that meets all of our requirements. We know it was not an easy task, as we wanted a natural gas generator, one that would handle the growth of our company.

It was professionally installed from the start to finish. If you need someone to recommend your company, or show how you installed our generator, please do not hesitate to call me.

Sincerely,

Donald J. Morrisette
President, Property Division
